APPLICATION REQUIREMENTS FOR RESIDENTIAL SEPTIC SYSTEM PERMITS

Note: Additional documents may be required by the Health Department as deemed necessary.

Incomplete Applications Will Not Be Accepted

- ❑ Completed **“Site Evaluation Request”** form, including sketch of proposed site layout with building dimensions. Incomplete forms are not accepted.

- ❑ An original red-stamped and signed **“Level 3 Soil Report”** conducted by a state certified soil classifier. Photocopies and emailed copies are not accepted. For lots located in a recorded subdivision, check with our office to see if we have one on file.

- ❑ A copy of the **“Recorded Plat”** must be submitted for individual lots not located in a recorded subdivision.

- ❑ The four corners of all proposed buildings must be **Staked Out** prior to our evaluation. Please indicate on the Site Evaluation Request Form the date by which the building will be staked out.

- ❑ All **Fees** must be paid prior to our evaluation. Please check with our office for the current fee schedule. We accept check or card, but NO cash.

- ❑ A **Site Plan** or **Level 4** soil report may be required for certain applications, as well as other documents deemed necessary by the department. Additional fees may apply.
