(Specify)

Plumbing Stub Out Location (Check one) Slab _____ Crawl Space _____ Split Level _____ Basement _____

Type of On Site Sewage Management System requested (indicate one): Gravel _____ Chamber _____

Alternative On Site Sewage Management System _____

(Specify System Requested)

The grant of a permit by the county board of health for the installation of any on site sewage management system does not constitute a warranty or endorsement.

The following information must be provided: 1) lot sketch showing lot dimensions, proposed building locations/dimensions, proposed building line and side line distances; 2) street or road name; 3) well location if applicable and well locations on adjacent property; 4) driveway, patio or other paved surfaces; 5) underground utilities; 6) plumbing stub out and proposed drainfield location 7) location of easements and flood plain.

Sketch
(Building Site MUST be staked out PRIOR to site visit)

The above information as furnished is true, and correct to the best of my knowledge. I hereby apply for an on site sewage management system construction permit and inspection of that system based upon this information. The applicant and/or owner is responsible for adverse soil conditions; such as rock or water tables, encountered. If the number of bedrooms change after the application of permit issuance, the builder/owner is responsible for informing the office.
